

## **AAB Membership and Remit**

### **AAB Members**

Governance is highly effective. The extremely knowledgeable academy advisory board members regularly visit the school, ask questions of the staff, observe sessions, undertake learning walks and receive detailed reports so they know exactly how well the school is doing. Oversight by the multi-academy trust is strong and effective through monthly challenge and support meetings with the executive board and additional professional challenge by other headteachers in the trust. (Ofsted July 2019)
